

Our guest and employee health and safety remains our top priority. That's why we have introduced a new set of standards and hygiene measures:

- our employees are provided appropriate safety equipment
- employees check temperature before their shifts
- faster and contactless check-in / check-out procedures
- hand sanitizers are available in all public areas
- public areas are regularly sanitized
- rooms and corridors are sanitized every day
- 30% of our rooms are closed for sale
- our laundry and linen are always washed at high temperature
- we don't do buffets - all meals are prepared individually
- we keep distance of at two metres between tables in the restaurant

Remember that **WE** are here for **YOU** - if you have any questions or doubts please feel free to contact us anytime.

Stay safe and see you soon in City Solei Boutique Hotel 😊
